GE VERNOVA
GRID Solutions

Software 71 and 75 for P443 and P446 End-of-Manufacturing/Supply Notice

Background

GE Vernova Grid Solutions is committed to customer care and the support of our offerings. As part of this commitment, we strive to design high quality offerings, provide knowledge-based support, and to communicate the availability of new features or offerings as well as the pending discontinuation of manufacturing for older offerings or design variants.

On May 10th, 2021, the **discontinuation** of the manufacture and sale of **Software 71 and 75 for P443 and P446** was **announced**.

On 12th December 2022, the **last order date for ONLY Software 71 for P443 was extended** to December 31st, 2023, **subject to availability**. In addition, the **alternatives were expanded** to include P44 Software AA.

On 18th December 2023, the **last order date for ONLY Software 71 for P443 was extended** to 10th December 2024, **subject to availability**. * Please note that white livery is only available until 31st December 2023.

On 12th December 2024, the **alternatives were revised** from P84 Software AA to P84 Software AB. This notice was revised in accordance with GE Vernova rebranding guidelines.

Last-Time Buy Window

Please plan the purchase of any additional quantities or spares that you need. Orders should be placed prior to the last order date shown. **Orders will be fulfilled based upon availability** and shipments typically occur within three months of last order date. Requests for delayed shipments must be agreed with our factories prior to order acceptance.

OFFERING	LAST ORDER DATE	ALTERNATIVE
P443 Software 71	**10th December 2024***	**P44** MiCOM 5thGeneration **Software AB** or **P443 Software 91** or **Software 92** or **Software 82** (DNP3oE)
P443 Software 75	**30th October 2022**	**P44** MiCOM 5thGeneration **Software AB** or **P443 Software 91** or **Software 92 or Software 82** (DNP3oE)
P446 Software 71 and 75	**30th October 2022**	**P44** MiCOM 5thGeneration **Software AB** or **P446 Software 79** (IEC 61850 Ed1) or **Software 82** (IEC 61850 Ed2)

Support

GE Vernova's warranty provision is unaffected by this End-of-Manufacturing/Supply Notification. After the published last order date elapses, a repair service follows for items no longer under warranty subject to availability that includes repairing failed components or modules, but not to providing advanced replacements or a new product or module as a replacement or spare.

Customers should contact us if they need further information concerning the level of service that is provided on a per offering basis.

For Additional Information

If we can provide assistance with migration to new offerings, please contact us for help. Advice and assistance are also available via:
