Background

GE Grid Solutions is committed to customer care and the support of our products. As part of this commitment, GE strives to design high quality products, provide knowledge-based support, and to communicate the availability of new features or products as well as the pending discontinuation of manufacturing for older products or design variants.

GE Grid Solutions has discontinued the manufacture and sale of **dual rated options for MVAW21** as shown below.

OFFERING	STATUS	ALTERNATIVE
MVAW21 Dual Rated Options Order codes: MVAW21xxx4001x through MVAW21xxx4999x MVAW21xxx5001x through MVAW21xxx5999x MVAW21xxx6001x through MVAW21xxx6999x MVAW21xxx7001x through MVAW21xxx7999x MVAW21xx8001x through MVAW21xxx8999x (where x represents any option for the cortec digit)	Order book closed	2 x MVAW11 with variable auxiliary supply voltages

Support

GE's warranty provision is unaffected by this End-of-Manufacturing Notification. After the published last order date elapses, a repair service follows for products no longer under warranty subject to material availability that includes repairing failed components or modules, but not to providing advanced replacements or a new product or module as a replacement or spare.

Customers should contact GE if they need further information concerning the level of service that is provided on a per product basis.

For Additional Information

If we can provide assistance with migration to new products, please contact us for help. Advice and assistance are also available via: <http://www.gegridsolutions.com/contact.htm?loc=3> or <http://www.gegridsolutions.com/multilin>
