

GE Vernova declares \$0.25 per share quarterly dividend and initial \$6 billion share buyback

NEW YORK (December 10, 2024) – GE Vernova (NYSE: GEV) today announced that its Board of Directors has declared a \$0.25 per share quarterly dividend and approved an initial \$6 billion share repurchase authorization. The quarterly dividend will be payable on January 28, 2025, to shareholders of record as of December 20, 2024.

Future dividend declarations will be made at the discretion of the Board of Directors and will be based on GE Vernova’s earnings, financial condition, cash requirements, prospects, and other factors. The share repurchase authorization has no expiration date and may be suspended or discontinued at any time.

Caution concerning forward-looking statements

Certain statements contained in this release may constitute “forward-looking statements” that involve risks and uncertainties. These statements by their nature address matters that are uncertain to different degrees, such as statements regarding our possible future capital deployment, including share repurchase activity and dividends, if any. Forward-looking statements provide current expectations of future events based on certain assumptions and include any statement that does not directly relate to any historical or current fact. Words such as “anticipates,” “believes,” “expects,” “estimates,” “intends,” “plans,” “projects,” and similar expressions, may identify such forward-looking statements. Any forward-looking statement in this presentation speaks only as of the date on which it is made. Although we believe that the forward-looking statements contained in this presentation are based on reasonable assumptions, you should be aware that many factors could affect our actual financial results, cash flows, or results of operations and could cause actual results to differ materially from those in such forward-looking statements. Future dividends, if any, will be subject to factors noted in this release, and any share repurchases will be subject to similar factors as well as the price, availability and trading volumes of shares of the Company’s common stock, which will affect the timing and size of any share repurchases. These factors may cause our actual future results to be materially different than those expressed in our forward-looking statements, and are more fully discussed in our most recent Quarterly Report on Form 10-Q filed with the Securities and Exchange Commission (SEC) and in the “Risk Factors” and

GE VERNOVA

“Management’s Discussion and Analysis of Financial Condition and Results of Operations” sections included in our Information Statement dated March 8, 2024, furnished with the SEC, and as may be updated from time to time in our SEC filings and as posted on our website at www.gevernova.com/investors/fls. There may be other factors not presently known to GE Vernova or which we currently consider to be immaterial that could cause our actual results to differ materially from those projected in any forward-looking statement that we make. We do not undertake any obligation to update or revise our forward-looking statements except as required by applicable law or regulation.

About GE Vernova

GE Vernova is a purpose-built global energy company that includes Power, Wind, and Electrification segments and is supported by its accelerator businesses. Building on over 130 years of experience tackling the world’s challenges, GE Vernova is uniquely positioned to help lead the energy transition by continuing to electrify the world while simultaneously working to decarbonize it. GE Vernova helps customers power economies and deliver electricity that is vital to health, safety, security, and improved quality of life. GE Vernova is headquartered in Cambridge, Massachusetts, U.S., with approximately 75,000 employees across 100+ countries around the world.

GE Vernova’s mission is embedded in its name – it retains its legacy, “GE,” as an enduring and hard-earned badge of quality and ingenuity. “Ver” / “verde” signal Earth’s verdant and lush ecosystems. “Nova,” from the Latin “novus,” nods to a new, innovative era of lower carbon energy. Supported by the Company purpose, The Energy to Change the World, GE Vernova will help deliver a more affordable, reliable, sustainable, and secure energy future.
