

National Grid awards HVDC supply chain framework contracts

LONDON, UK (March 13, 2025) - National Grid today announced the awarding of two parts of a £59bn High-Voltage Direct Current (HVDC) supply chain framework to deliver the required works and equipment needed for key energy projects across the UK. The announcement sees four suppliers, including GE Vernova, being awarded places on the HVDC Converter Framework, totaling approximately £24.6bn. The agreement is applicable for a five-year period, with the potential to extend for a further three years.
