## **ONGOING PROJECTS UNDERTAKEN IN FY 2021-22**

### **Educators Empowerment Program**

Teachers from the rural community are expected to provide learners with appropriate and contemporary experiences that allow them to successfully engage with digital technology and prepare them for 21st century. It is the need of the hour to initiate effective teaching and learning process simultaneously by using latest tools and web-based collaborative learning methods. The pandemic has further accelerated the need for using online tools wisely to make the virtual classroom an effective learning environment.

In the light of these demands, GE Power India Limited in partnership with ICT Academy had launched Educators Empowerment Program to train 1200 teachers of Primary/Middle/Higher Secondary in Noida, ,Gautam Budh Nagar and Ahmedabad on Digital Teaching Skills to help teachers at schools advance their teaching style to meet the demands of this new digital world and make the virtual classroom a great learning environment. This project began in FY 2021-22 and was marked as an Ongoing project which successfully got completed before 31 March 2023 by achieving the project objective of training 1200 teachers.

## Employment linked Skill Training Program for youths

GE Power India Limited in partnership with Tech Mahindra Foundation has initiated a project which aimed at provide employable skills in Amazon Web Services(AWS) re/Start program on Cloud Computing to 1,000 youths from Delhi, Chandigarh, Bangalore, Chennai, Delhi NCR, Hyderabad, Kolkata, Mumbai, Pune and Visakhapatnam. AWS re/Start is a full-time, classroom-based skills development and training program that prepares learners for entry-level careers in cloud computing technology and connects them to potential employers. Through real-world, scenario-based learning, hands-on labs, learners gain the technical skills they need for entry-level cloud roles. AWS re/Start also focuses on building professional skills such as adaptive communication, time management, and collaboration. 579 students have been enrolled till 31 March 2023. The program's mission is to build a diverse pipeline of entry-level cloud talent. This project began in FY 2021-22 and was marked as an Ongoing project which is targeted to be completed before 31 March 2024.

## Project Dependence to Independence

GE Power India Limited in partnership with Ratna Nidhi Charitable Trust had initiated a project to enable 380 people with movement disabilities with prosthetic care like jaipur foot, Calipers, Crutches and Prosthetic hands. This project aimed to provide free prosthetic limbs to the identified beneficiaries in Sanand, Ahmedabad (Gujarat). This project involved stages like mobilization, measurement camps, manufacturing and finally distributing the equipment to the beneficiary making them independent. This project began in FY 2021-22 and was marked as an Ongoing project which successfully got completed before 31 March 2023. This project benefitted 349 people.
